Supercharge your hospital sales strategy

01 Track referral patterns & patient flow

Map patient journeys to reduce network leakage, improve treatment adherence, and identify areas of improvement.

02 Analyze inpatient & outpatient claims

Review diagnoses and procedures by code, volume, charges, payments, readmission rates, comorbidity data, and other vital metrics

03 Explore partnerships & network affiliations

Dissect the complicated relationships between healthcare facilities and physicians to determine network affiliations and partnerships.

04 Access Medicare participation & performance

Quickly pinpoint weak spots in financial, clinical, and quality performance compared to hospitals and health systems of similar size or in the same region.

05 Understand technology implementations

Visualize the technology landscape of a hospital or health system and search by category, vendor, module, and other filters.
